

A certificate is the lowest level of all degree types, and is most commonly achieved as a means of career preparation. Certificates are often granted for very concentrated areas of study.

Certificate in Digital Photography will provide students with a foundation in the skills required to practice as a professional photographer. In a two semester, credit-bearing program, students will gain experience in a wide range of professional photography scenarios and proficiency in using Photoshop and Lightroom for digital imaging and asset management.

Schools That Offer Associate in Accounting

South College uses the learning management system Moodle to support the delivery of hybrid and online learning programs and courses. Online learning classes are driven by student learning outcomes and designed using sound pedagogical principles in online teaching, learning and assessment.
